HOWLAND HOOK MARINE TERMINAL/PORT IVORY

PORT JERSEY-PORT AUTHORITY MARINE TERMINAL

BROOKLYN-PORT AUTHORITY MARINE TERMINAL

EXPRESSRAIL SYSTEM

PORT AUTHORITY FACILITIES LOCATOR

The Port is a vital gateway for global trade, providing industry partners with an expansive network of world-class terminals, on- and near-dock intermodal rail systems, and nearby highways, distribution centers, and warehouses to keep global trade moving.

The roadways highlighted on the map — Port Newark-Elizabeth Marine Terminal Highways and the Doremus Avenue Overweight Route — allow the movement of marine containerized cargo to a maximum gross vehicle weight (MGVW) limit of 128,000 pounds — provided that the movement does not exceed equipment manufacturers' limits for safe working loads.

THE PORT NEWARK/ELIZABETH AND DOREMUS AVENUE OVERWEIGHT CORRIDOR

Port of New York & New Jersey

As a valued customer of the Port of New York and New Jersey, we offer you this courtesy map. The Port of New York and New Jersey consists of six terminal operators including APM Terminals, GCT Bayonne, GCT New York, Maher Terminals, Port Newark Container Terminal, and Red Hook Container Terminal. Our network of partners is served by all of the major ocean carriers and constitutes one of the most productive, high-volume operations in the world. When you ship through the Port of New York and New Jersey, you benefit from competitive pricing and a wide range of cargo movement solutions. Call us today.
